COMMUNICATION AND INTERPERSONAL SKILLS

Interpersonal skills

Good interpersonal skills gained through interaction with management and technical staff at the client premises during engagements and also workmates of different personality.

ORGANISATIONAL SKILLS

Organisational skills

- Leadership skills. I was responsible planning and coordinating for a team of 10 people at university
- Good organisational skills I was in charge of organising files of customers for whom clearing and handling services were offered. This involved attaching to the file all costs and documentation relevant to that particular file.
- Good team work skills. During audit engagements, I have been assigned clients with a team. The fact that everyone works on different tasks but for the same goal has helped me improve my team work skills.

JOB-RELATED SKILLS

Job-related skills

Good numerical and analytical skills. I was responsible for compiling and analysing financial information to make entries as an intern.

Good time management skills. I was responsible for building the frontend of the web application for Health Plants of Uganda.

Excellent written and verbal communication. I orally interview a variety of the client's staff and my team members in order to get information relevant to the software required to solve a particular issue. I was responsible for presentation of the project to management and giving recommendations to the product Owner
